PROFILE

I am a fourth year computer science student looking to obtain a software development related internship for the spring and summer of 2022.

SKILLS

Able to work in large teams, quick learner, patient, knowledge in C++, C#, Python, Swift, HTML, Javascript (ES6), CSS, and SCSS. Able to work with REACT, Express, Bottle, and Bootstrap frameworks.

EDUCATION

Kent State University, 800 E Summit St, Kent, OH 44240 - *Bachelor of Science | Major: Computer Science | Minor: Business*

AUG 2018 - MAY 2022

- Software Engineering Project I helped to develop in my second year as a part of my software engineering class called "Jam not Jelly Note Taker". Highlights include:
 - The goal of this project was to learn how to work in a SCRUM team.
 - The class was divided into teams of 10.
 - Each member was given a specific SCRUM role. My role was a front-end developer and mostly worked on the html and CSS.
 - We were taught both the Agile and Scrum methodologies.
 - The app was built using Flask and allows users to login, and create and modify a to-do list.
- Made the Dean's list for the fall 2020 and spring 2021 semesters.

Mayfield High School, 6116 Wilson Mills Rd, Mayfield Village, OH 44143

AUG 2014 - MAY 2018

While in high school I was part of a vocational IT/computer programming program for 2 years and took 2 years of AP Computer Science. I was on the varsity swim team all four years as well as the varsity swim team captain in my senior year.

OTHER PROJECTS

I also worked on other projects which include:

NASA Pic of the Day

- The goal of this app was to learn how to use the REACT framework and how to use APIs.
- The app gathers photos or videos from NASA's astronomy picture of the day API for today and the last 30 days and displays them for you to see.
- The app can handle both photos and YouTube videos.

COVID Stats

- The goal of this app was to further my understanding of REACT and APIs as well as learn ways to visualize data using Chart JS and Google's Charts frameworks.
- The app shows you the U.S.'s current national numbers across all 50 states and 6 territories, a map showing the data for each state, and a line graph showing the progression of data through the pandemic.

ADDITIONAL EXPERIENCE

Kent State Department of Recreation, 1550 Ted Boyd DR, Kent, OH 44240

Aquatics Supervisor/Lifeguard/Water Safety Instructor

August 2020- Present

- Ensure the safe operation of the Natatorium, through appropriate risk management, staffing, and quality customer service.
- Monitored behaviors for safety violations and took steps to prevent further violations.
- Led swimmer instructional lessons with participants of varying ages to share optimal swim techniques and build strength.

Lakewood City Schools, 14100 Franklin Blvd, Lakewood, OH 44107

Lifeguard/Water Safety Instructor

May 2019 - August 2019

- Monitored behaviors for safety violations and took steps to prevent further violations.
- Led swimmer instructional lessons with participants of varying ages to share optimal swim techniques and build strength.

Mayfield City Schools, 6116 Wilson Mills Rd, Mayfield Village, OH 44143

Lifeguard/Water Safety Instructor

April 2016 - August 2018

-
- Monitored behaviors for safety violations and took steps to prevent further violations.
 - Led swimmer instructional lessons with participants of varying ages to share optimal swim techniques and build strength.
